

BLOOMS AND BEYOND

A New Perspective
for Your Plants

Join SFA Gardens for the Theresa and Les Reeves Lecture Series featuring Dr. Ping Yu, assistant professor and ornamental specialist at the University of Georgia. She will share insights on sustainable plant production and management techniques for improving ornamental crop production efficiency.

A plant raffle follows.

For information, call (936) 468-4129 or email sfagardens@sfasu.edu.
