Boil Water Notice Rescinded
November 17, 2026

On November 14, 2026, the Texas Commission on Environmental Quality required the City of Nacogdoches, PWS TX 1740003, to issue a Boil Water Notice to inform customers, individuals, or employees that, due to conditions which occurred recently in the area from the **SOUTH END OF POST OAK RD to the NORTH END OF EAST STAR OUTSIDE THE LOOP**, in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of November 17, 2026.

If you have questions concerning this matter or to obtain a translated copy of the notice, you may contact Ronnie Lyles, Water Utilities Manager, at 936-564-5046 or 936-5592586.

If a customer, individual, or employee wishes to contact the executive director, please call (512) 239-4691.
